Corona Virus Update and the HPL

The Hopewell Public Library is aware of its responsibility to ensure the safety of all our patrons. The Borough Administrator is keeping us informed of the latest developments of the Corona Virus and recommendations of actions with our community partners.

We recommend that you do not come to the library if you are sick or anyone in your family is sick. Staff members have been instructed to stay home if they are sick. We are instituting the safe social distancing of six feet—where possible—from one another, but this is difficult in our small space. We are wiping down computers, table tops and door handles twice a day but we are unable to do every book or material in the library.

All library programs have been canceled through April 4th. After that, we will reassess. The library remains open until further notice.

Thank you for your patience and understanding.
